

Supplies Recycling Process

The recycling initiatives we have adopted here at Printers Plus has been adapted in Partnership with all the major manufacturers in an attempt to reduce our Carbon footprint, and provide a better example of Sustainable Development and Green procurement.

All the major manufacturers will provide shipping materials and cover the costs associated with the proper recycling of their products within your region. By following the links below, you can download shipping labels required to recycle you used printer supplies.

These links will bring you directly to the respective manufacturers portion of their website that gives easy step-by-step instructions.
